

How can biking and walking in Lassen County be improved?

The Lassen County Transportation Commission (LCTC) is currently working to complete an Active Transportation Plan (ATP). The goal of the ATP is to provide strategies that better support bicycling and walking throughout the County. Your input makes a difference in shaping the future of your community and we want to hear what you think!

Share stories of where you've been in a crash, near miss or feel safe or unsafe travelling in Lassen County through the Street Story website:
